Hardev Kamboe

Toronto, Ontario | 289-838-5809 | kamboehardev@gmail.com | LinkedIn | kamboe.com

Summary of Qualifications

- UX Design student with paid digital performance marketing experience at TD, working where user research, design and campaign data meet.
- Turns qualitative feedback (App Store reviews, focus groups, onboarding flows) into prioritized, actionable UX recommendations.
- Comfortable with funnel KPIs (CTR, LPVs, CPLPV, app downloads, account opens) and writing weekly performance recaps for stakeholders.
- Uses AI-assisted design workflows, taking a project from creative brief to a clickable Figma prototype and developer handoff with Claude Design.
- **Tools:** Figma, Claude, Canva, Adobe Photoshop, Illustrator, Premiere Pro, After Effects, Google Workspace, Microsoft Office.
- **Certifications:** Claude Design: Brief to Figma (Udemy), Google Prompting Essentials, Google Analytics, Google Ads Apps.

Education

Wilfrid Laurier University, Brantford, ON Sept 2022 – Expected 2027
Bachelor of Design (BDes) in User Experience Design

- Relevant coursework and training: user research, design thinking, wireframing, prototyping, interface design and usability testing.

Professional Experience

TD Bank Group – Digital Performance Marketing Wealth Intern (Co-op) Summer 2026
TD Easy Trade Investing | TD Marketing, Toronto, ON

- Supported TD Easy Trade performance campaigns across paid search, paid social, display, programmatic and public site channels.
- Analyzed Awareness, Consideration and Acquisition performance using CTR, landing page views (LPVs), cost per LPV, app downloads and account opens.
- Prepared weekly Growth Pod recaps covering channel performance, creative insights, blockers, stakeholder updates and next steps.
- Reviewed the customer journey, app onboarding and intern focus group feedback to identify UX friction points and improvement opportunities.
- Analyzed App Store reviews to surface recurring usability issues and customer needs, and translated findings into actionable UX recommendations.
- Contributed recommendations on audience strategy, budget allocation, retargeting and creative testing to improve campaign efficiency.

BreezeMaxWeb – Digital Marketing & Design Intern May 2023 – Jul 2023

- Designed ad creatives for Google, Facebook and TikTok campaigns in Adobe Photoshop.
- Translated client briefs into website wireframes and visual assets aligned with brand goals and platform best practices.

Design Projects

Barkyard – Dog Daycare & Grooming App (Claude Design) Fall 2026

- Took a fictional app from creative brief to a ~20-screen high-fidelity Figma prototype and developer handoff using an AI-assisted Claude Design workflow (certificate).

Fruit Hub – Food Delivery App Case Study Jul 2025 – Aug 2025

- Designed high-fidelity mockups and prototypes covering multiple user scenarios and workflows.

UBudget (individual) and ISOW Website (group) Laurier coursework

- Applied design thinking in Figma to build a student budget tracker and a more intuitive website user journey.

Self-Published Children's E-book May 2024 – Jul 2024

- Wrote, designed and published an e-book on Amazon, applying content structure, typography and visual hierarchy.
